【摘要】：近年来，医务社会工作在我国逐步发展起来，并且在老年医学照顾、养老护理、临终关怀诸多方面发挥着自身特有的作用。但是起源于西方国家的医务社会工作在本土化的进程中会出现一系列的问题，国外的文化传统以及老年人生活状况和社会思想观念等并不完全适用于中国的现实情况，这就导致在具体的实践过程中出现了伦理困境。如何有效解决这些伦理困境是目前从事养老服务的医务社会工作者不可避免的一大问题。本文对国内现阶段我国老年医务社会工作伦理困境进行研究归纳，阐述了有关老年医务社会工作伦理困境和伦理决策。

Abstract: In recent years, medical social work has gradually developed in China, and has played its own unique role in medical care for the elderly, elderly care and hospice care. However, in the process of localization, medical social work originating from western countries will encounter a series of problems. Foreign cultural traditions, as well as the living conditions and social ideology of the elderly, are not fully applicable to the reality of China, which leads to ethical dilemmas in the specific practice process. How to effectively solve these ethical dilemmas is an inevitable problem for medical social workers engaged in elderly care services. This paper summarizes the ethical dilemma of social work of geriatric medicine in China at the present stage, and expounds the ethical dilemma and ethical decision-making of social work of geriatric medicine.
